Event information

Dear all,
Please find the event information in this bulletin #3.

The Danish Orienteering Federation and all the volunteers are looking forward to host you at the VIBORG MTBO 6 DAYS in July/August 2019.

Welcome to Viborg

JØRN SVENSEN

Event Director

Patrons

Welcome to Viborg

Dear participants and guests,

In Viborg, we are looking forward to welcoming you to the MTBO Championships 2019.

Together with the Danish Orienteering Federation, we are proud to be part of the World Mountain bike Orienteering Championship and the Junior World Mountain bike Orienteering Championship.

You will experience extensive heath areas, hilly and dramatic landscapes, an amazing game reserve and a multitude of parks and recreational areas.

Viborg Municipality is, geographically, the second largest municipality in Denmark and the area offers many exciting natural resorts suited for outdoor sports. These days, we are constructing a 100 kilometers mountain bike trail leading through five forests and natural resorts.

On the route, there are plenty of opportunities to combine exercises with cultural history as the trail passes bunkers, churches, drainage channels, heath areas and a working museum.

All in all: We are crazy about sports! Every year we host many large sports and cultural events – and we always strive to create the best possible settings and to give our guests the best possible experiences.

We will make effort to ensure that you get the opportunity to experience the beautiful nature of the Viborg area – the woods, the lakes, and (hopefully) Danish summer at its best. We recommend that you make time for a stroll in the cosy streets of Viborg and experience our cultural history as well as the excellent shopping possibilities.

I hope you have a fantastic championship in Viborg and wish all participants good luck!

ULRIK WILBEK
Mayor of Viborg Municipality

Welcome to Syddjurs

Dear participants, sponsors and visitors at the World Championships,

On behalf of the municipality of Syddjurs, I wish you all welcome to Syddjurs and

especially to Ebeltoft, home of one of the World Championships distances.

As you will discover, Ebeltoft is a special place, a well preserved borough with cobbled streets and beautiful houses. Here you will also find an internationally renowned glass museum and a museum for the national treasure The Frigate Jutland – both worth a visit.

Ebeltoft lies on the outskirts of one of Denmark's most beautiful national parks, Mols Bjerger National Park. It stretches all the way from Ebeltoft to the medieval ruin at Kalø on the coast near Aarhus. The heartland of Mols Bjerger National Park is Mols Bjerger with its grassy and hilly landscape offers spectacular views across the bay. And for the biologically interested you can find a wide range of rare flowers, plants and insects.

The history of the area is defined by our beautiful coastline. Right from the Viking age, during the middle ages, up till today, the connection between sea and land has formed the development of towns and cities. I hope that you will enjoy the nature in our area, and that the weather will be warm and sunny, so you can have a swim in the clear water of the bay.

I wish you all good luck in the competition and a nice stay in our municipality and the city of Ebeltoft.

Sincerely,

OLE BOLLESEN
Mayor of Syddjurs Municipality
